

Electronic Boards, Assemblies & Modules and Liquid Crystal Displays

Your Trusted Manufacturing Partner

Lindsay is leading the way for industrial technologies and manufacturing solutions. For over 40 years, industries have counted on us to provide comprehensive electronic manufacturing services connecting them to the world.

We offer highly complex and custom electronic manufacturing services including microelectronic assembly, printed circuit boards, hybrid circuits, printed electronics, and liquid crystal displays (LCD). Our proven years of experience, state-of-the-art manufacturing facility together with exceptional focus on quality make Lindsay a dependable manufacturing partner in the production of your innovative electronics solutions.

LINDSAY.COM

Electronic Manufacturing Services

OEM branded solutions

- + Printed circuit boards & assembly
- + Microelectronic assembly
- + Electro-mechanical assembly
- + Control modules & complex box build
- + E-Modems: Certified cellular data modems for embedded designs

Embedded quality

- + 5-axis X-ray analysis
- + Automated optical inspection stations for all SMT lines
- + Certified IPC inspectors
- + In-circuit and functional testing

Custom LCD Services

Wide range of LCD technologies

- + TN (Twisted Nematic)
- + HTN (High Twisted Nematic)
- + Dichroic
- + STN (Super Twisted Nematic)
- + Color STN
- + FSTN (Film Super-Twisted Nematic)
- + Heilmeyer

Complete User Interface

- + Custom backlights - LED, E/L, CCFL
- + Display controllers - Chip on Glass (COG)
- + Chip on Board (COB), TAB
- + Custom touch screens - Resistive, Capacitive, SAW
- + Extended temperature ranges
- + Integrated heaters
- + Night Vision (NV) compatibility
