

PROFILINE T 14® | TEMPORARY PROFILED ROAD MARKING TAPE

- SUPERIOR VISIBILITY AT NIGHT AND IN WET CONDITIONS
- HIGH DURABILITY AND OUTSTANDING PERFORMANCE FOR SAFER WORKZONES
- MEETS EN 1436 & EN 1790 CRITERIA
- TESTED AT BAST

PHYSICAL SPECIFICATIONS

	AT NEW	P7
Daytime reflectivity Qd	Q3	Q3
Retroreflectivity RL (WET)	R5	R5
Retroreflectivity RL (DRY)	RW6	RW4
Skid Resistance S	S3	S3
Application Temperature Range	10° - 35°C	
Relative Humidity	< 70%	
Application Method	Primer	
Available Colors	Yellow	

EASY TO INSTALL, LONG-LASTING, EASY TO REMOVE

PROFILINE T 14 allows clear traffic management in work zones during night and wet conditions thanks to its profiled structure. The design shape allows the rain drain easily, and retroreflection of the glass beads is effective from all angles. Micro glass beads and design-profile enable a bright and safe traffic management, and the high quality polymer structure and antiskid particles, made of extremely hard alumina particles, ensure high durability and increased skid resistance.

FREQUENTLY ASKED QUESTIONS

How long does Profiline T 14 last?

PROFILINE T 14 is designed to ensure outstanding quality road markings for a long time. Real durability depends on traffic and climatic conditions. Usual application for work zones lasts 6 – 12 months.

How can you maintain it?

Where marking is damaged, Profiline T 14 can be patched after cleaning the surface and following the application techniques.

How do you store Profiline T 14?

Tape and primer must be stored in a cool and dry area indoors and used within 18 months from delivery.

Primer contains flammable solvents: handle with care.

FEATURES

- » Superior visibility during day and night
- » Premium visibility in wet conditions thanks to the embossed structure
- » Fast and easy application & removal
- » Outstanding skid resistance thanks to antiskid particles and embossed shape
- » Long-lasting color
- » Available in many widths
- » Environment friendly: road marking contains no heavy metals
- » Tested at BAST laboratory

WHERE TO USE

Long-lasting work-zones
